1. **General remarks and general impression concerning the state of the reviewed object**

2. **Technical errors and misspellings in the slides**

   - Slide 2: collaborations diagrams could have appeared in the same year (1987) as the sequence diagrams? (there is no year indicated for collaboration diagrams.)
   - Slide 8: misspelling in the title: should be 'Scenario' instead of 'Szenario'.
   - Slide 9: same misspelling as in slide 8 in the title.
   - Slide 12: replace '(of 4 differend classes and the actor)' with : '(of 4 different classes) and the actor'.

3. **Physical errors in slides**

4. **Slides with a bad style and suggestions for improvements**

5. **Additional suggestions for improvements and extensions**

6. **Lecture notes for particular slides**

   - Slide 2: In the first sentence of 'Contents', replace 'are subject to' with 'are the subject of'.
   - Slide 6: In the first sentence of 'Contents' replace 'fundamental of' with 'fundamental for'. In the second sentence replace : ' a kind of information between a sender and a receiver' with: 'a kind of information exchanged between a sender and a receiver'.
   - Slide 8: replace: 'notion the basic' with 'notion from which the basic'.
   - Slide 12: In 'Methodology' replace 'only a placeholder for arbitrary objects' with: placeholders for an arbitrary number of objects'.
   - Slide 16: replace 'they are already have existed' with: 'they have already existed'. Also, in the last line of the notes, 'invokation' should be replaced with 'invocation'.
